Patch Panel & Outlet Labels

Sharpmark's extensive range of labels for patch panels, cabinets, racks and outlets/faceplates ensure that every installation is professionally labelled.

The labels are designed to fit all commonly installed equipment and you can find the part number that you need using the compatibility database on our website. Labels are supplied on A4 sheets for easy in-house printing.

They are available as either slide-in or adhesive labels.

Slide-In Labels – ideal for use with patch panels and modules with windows, they are made from heavy paper/light card with a smooth finish for good print quality. They are suitable for all standard office laser, inkjet and dot-matrix printers and have micro-perforations for easy separation and neat edges when printed. Two of our most popular label sizes are also available in a range of seven colours.

Adhesive Labels - made from durable adhesive polyester with a special matt surface for lasting crystal-clear print. They are suitable for all standard office laser printers.

Technical Specifications

Label Material: Matt white polyester, laser printable.

Adhesive: 3M Permanent acrylic, specially designed for synthetic face materials, with excellent clarity, UV stability, good water resistance, good adhesion & good heat resistance.

Minimum Application Temperature: +5°C

Service Temperatures: -20°C to +100°C

Sharpmark's innovative and easy to use software allows you to print Sharpmark labels quickly in-house. You can download it from Sharpmark.com

Pack Sizes

Patch Panel Labels – Slide-In

Part No.	Label Size (h x w) mm	Labels Per Sheet	Sheets (Labels) Per Pack
PL5	11.5 x 104	24	20 (480)
PL6	12.5 x 198	22	20 (440)
PL13	10 x 145	25	20 (500)
PL16	9.5 x 139	24	20 (480)
PL17	7 x 128	33	20 (660)
PL18	9.5 x 168	24	20 (480)
PL19	9.5 x 212	18	20 (360)
PL20	14.5 x 128	18	20 (260)
PL21	8 x 103	30	20 (600)
PL22	7.5 x 67	64	20 (1280)
PL25a	12.5 x 76	42	20 (840)
PL25b	12.5 x 84		(*see below)
PL25c	12.5 x 88		(*see below)
PL26	7 x 90	76	20 (1520)
PL27	7 x 220	27	20 (540)
PL34	7 x 139	36	20 (720)
PL35	7 x 212.5	23	20 (460)
PL55	7 x 98	30	20 (600)

*PL25 is perforated into three possible widths. Simply tear down the appropriate perforation line.

Our cabinet and Logo labels can be used to identify a wide range of equipment. With a number of sizes available, you have the flexibility to label cabinets, racks and shelves for easy identification.

The Sharpmark Software enables users to print corporate logos and graphics alongside text, providing the user with the ability to brand their jobs.

Our adhesive Cabinet and Logo labels are made from adhesive white polyester supplied on laser-printable A4 sheets. Suitable for all standard office laser printers.
